Bruce,

Here are EOI's consolidated comments. Obviously more detail will be discussed during the call. Note we were unable to modify the document under the track changes mode for whatever reason. However, we were allowed to insert comments in the right hand margin.

Looking forward to the call on Monday. Larry Rosen, John Diehl, and myself will be joining from EOI.

Thanks and have a warmer weekend.

Go ahead and send your tweaks my way and I will share with folks next week, if they decide to show up.

Sounds like a plan. Folks around here are either on vacation or sick with a nasty flu that just hangs on.

That being said if you think a tweak or two would help let me know. I have actually thought of two since I sent it to you.
